PETMED *a total petcare facility*

Help your pet look their best in 2012!

Did you know Petmed offers full service grooming?

With a full groom your pet receives a shampoo and blow dry, haircut, nail trim, ear cleaning and a finishing touch such as bows or a bandana. We even offer additional services such as teeth brushing and medicated baths.

Regular grooming can be an important part of your pet's health. Regular baths, hair trimming and brushing are important to keep your pet's skin and coat healthy. Regular brushing of long haired breeds helps remove loose hair and dead skin, distribute your pet's natural oils and prevents matting of fur. Certain breeds such as shih tzus and lhasa apsos require grooming every 4-6 weeks to keep their coat in top shape. Our experienced groomers will help keep your pet beautiful!
